

LEGACY ARCHIVE STRUCTURE

Sacred Union · Long-Term Stewardship System

An archive is not storage.

It is memory with responsibility.

This structure exists to preserve truth, continuity, and lineage across generations.

I. PURPOSE OF THE LEGACY ARCHIVE

The Legacy Archive exists to: - Preserve the identity, values, and decisions of the family - Ensure continuity across generations - Protect sacred documents from loss, distortion, or misuse - Transfer responsibility intentionally, not accidentally

The Archive is not for nostalgia. It is for **stewardship**.

It protects what was built with devotion.

May those who inherit it do so with humility, discipline, and love.

Sealed for continuity.
